

COTTONSEED OVERTREATING AGREEMENT

The undersigned grower, _____, hereby verifies that he/she has purchased cotton planting seed of a proprietary variety(ies) owned or licensed and marketed by Monsanto and the subject of a separate Technology/Stewardship Agreement.. This seed was received by the undersigned either (a) in its original packaging and/or (b) from bulk containers, which in either case contained certain information and notices (including germination and seed quality data; designation of the varieties and notice of protection under the U.S. Plant Variety Protection Act and/or U.S. Patent Act; exclusions of warranties and limitation of remedies; and notice of seed claims arbitration requirements). The undersigned acknowledges having read and understood the information and notices on the original packaging and/or containers and hereby accepts all terms and conditions stated on the original packaging and/or containers and/or related sales documents, all of which are incorporated herein by reference, including the obligation to pay the technology license fees for all containers used or opened by or for me.

Subsequent to the purchase of this cotton planting seed and to its delivery to the undersigned retailer (directly or to _____ (“Applicator”), as the agent of the undersigned), the undersigned has directed that the seed be removed from its original packaging and/or containers by Applicator, and such seed be treated by Applicator with its equipment and employees.

The undersigned understands and agrees that Monsanto Company is not responsible for any damage, seed mixture, or any other reduction in seed quality resulting from, or in any way related to, handling or treatments applied after removal of the seed from the original MONSANTO packaging or containers and will make no claim against Monsanto company and its affiliates arising from such handling or treatments.
